ARTICLE 1 PURPOSES OF THIS AGREEMENT

1.01 The purpose of this Agreement is to promote the settlement of labor disagreements by conference, to prevent strikes and walkouts, to stabilize conditions of work in the area affected by this Agreement, to prevent avoidable delays and expense, and to generally encourage a spirit of helpful cooperation between the District and the employee groups to their mutual advantage.

ARTICLE 2 RECOGNITION AND UNION SECURITY

2.01 The District hereby recognizes General Teamsters Local 959, during the term of this Agreement, as the exclusive bargaining representative for the positions contained within the classifications and work units referenced in this Agreement.

2.02 No employee shall be discriminated against for membership or non-membership in the union. The Union shall not discourage any employee from carrying out their work assignment for the District.

As the exclusive bargaining representative for the positions contained within the classifications and work units referred to in this Agreement, the Union retains the exclusive right to determine whether to process any dispute through the grievance process. Such right includes, but is not limited to, settling a dispute at any stage of the process, or taking a matter to arbitration.

2.03 A projected reclassification of a current position will be presented to the Union and the Union will be permitted to make a presentation during any reclassification committee meeting.

2.04 When a new bargaining unit employee is hired, the District shall notify the Union in writing by the employee's third (3rd) working day of (1) the employee's name, (2) the classification in which the employee was hired, and (3) the employee's payroll level. A shop steward or Union representative will be allowed to meet with each newly hired bargaining unit employee.

2.05 Upon receipt of a written authorization signed by the employee, the District shall deduct from the employee's wages the amount of dues, fees, or other charges authorized. The Employer will remit the amount deducted to the Union not later than the fifteenth (15th) day of the month following receipt of written authorization. The District will send to the Union the names of the employees from whose pay deductions were made contained in the remittance.

2.06 The Union shall indemnify the District and hold it harmless against any and all claims, demands, suits, or other forms of liability of any kind whatsoever which may arise out of, or

by reason of, actions taken or omitted by the District for the purpose of complying with the provisions of this Article.

2.07 During the life of this Agreement, the District will deduct current union dues from the pay of employees, provided that at the time of such deduction there is in the possession of the District, a current written assignment, executed by the employee, in the form and according to the terms of the authorization form. This authorization shall continue from year to year unless a written revocation is provided to the District. The District will provide a copy of the revocation to the Union.

2.08 All sums deducted by the District shall be remitted to the Union not later than the fifteenth (15th) day of the calendar month in which such deductions are made.

2.09 The Union agrees to hold the District free from liability in connection with dues collection except for ordinary diligence and care in transmittal of monies to the Union.

ARTICLE 3 MANAGEMENT RIGHTS

3.01 Nothing in this Agreement shall be construed to limit or impair the right of the District to exercise its own discretion on all management matters, including by way of illustration but not limited to the following matter, whatever may be the effect upon employment, subject only to express restrictions on such rights, as are provided in this Agreement, when in its sole discretion it may determine it advisable to do any or all of the following:

- a. To manage the District generally; to decide the number and location of facilities; to determine work zones and assignments of resources to each zone; to decide all machines, tools, and equipment to be used; to decide the work to be performed; to move or remove a facility or any of its parts to other areas; to decide the method and place of providing its services; to determine the schedules of work; to maintain order and efficiency in its facilities and operations; to hire, layoff, assign, transfer, and promote employees; to determine the qualifications of employees; to determine and re-determine the number of hours to be worked; to make such reasonable rules and regulations not in conflict with this Agreement, as it may from time to time deem best for the purposes of maintaining order, safety and/or effective operation of its facilities, and after advance notice to the employees, to require compliance therewith by employees; to discipline and discharge employees for cause.
- b. Management shall have all other rights and prerogatives including those exercised unilaterally in the past, subject only to express restrictions on such rights, if any, as are provided in this Agreement.

ARTICLE 4 UNION ACTIVITIES AND MEMBERSHIP RIGHTS

4.01 The District agrees that it will not in any manner, directly or indirectly, interfere or attempt to interfere between any of its employees and the Union, and that the District will not in any manner restrain or attempt to restrain any employee from belonging to the Union or from taking an active part in Union affairs, and that it will not discriminate against any employee because of Union membership or lawful Union activity.

4.02 The Union assumes all obligations and responsibility for the continued membership of its members and the collection of their dues, and the Union shall retain the right to discipline its members at all times. No employee shall be discriminated against for the upholding of Union principles, and no employee who works under the instructions of the Union, or who serves on a committee, shall lose their position or be discriminated against for this reason.

4.03 There shall be no discrimination by the District against any employee because of membership in or lawful activity on behalf of the Union.

ARTICLE 5 AUTHORIZED REPRESENTATIVES

5.01 The Union shall have as its representative a Business Representative who shall be authorized to speak for the Union in all matters covered by this Agreement and shall be permitted, upon notification to the District, to visit any project during working hours. Discussions with employees shall occur during scheduled breaks or before/after the scheduled work shift.

5.02 A reasonable number of shop stewards (not to exceed a maximum of one (1) shop steward for every fifteen (15) bargaining unit members) may be appointed from among the employees of the District and shall be the last employees terminated unless discharged for cause. The shop steward shall be allowed, following notification to the appropriate supervisor or department director, to handle requests, complaints, and grievances arising under this Agreement with the proper District Representative during working hours. Time spent in pursuing shop steward responsibilities shall be noted on signed leave slips submitted to the appropriate supervisor. The shop steward shall suffer no loss of compensation for a reasonable amount of time spent working with employees; however, the District is not expected to subsidize meetings of groups of stewards except on occasion, as coordinated by the Business Representative and the appropriate manager.

5.03 The shop steward shall not be terminated for any cause until the District Administrator and the Business Representative have completed an investigation into the alleged cause for termination prior to proceeding to the grievance procedure.

5.04 The School District shall not change the shop steward's shift except for the following reasons:

- a. Mutual agreement of the shop steward;
- b. Emergency purposes up to a maximum of five (5) working days or for normal shift changes; or
- c. The purposes of efficient accomplishment of School District work with ten (10) working days' notice to the shop steward and the Union.

5.05 The Union shall designate to the District, in writing, the Union representatives, and the District shall not be required to recognize or deal with any employees other than those so designated.

ARTICLE 6 COVERAGE

6.01 This Agreement shall cover all facilities which the District may operate during the term of this Agreement or any extension thereof, or any transfer of operations from existing facilities while under the District's control.

ARTICLE 7 HIRING HALL

7.01 The Union agrees to maintain a hiring hall and to solicit qualified workers, both Union and non-Union, in order to fill vacancies for regular employees in the classifications covered by this Agreement. The District agrees to forward job vacancy announcements to the Union to furnish qualified workers it may require in the classifications herein mentioned, subject to the following terms and conditions:

- a. The Union Hiring Hall shall be a source of applicants on whom the District shall rely. The District's request that a particular person be dispatched, if employed by the District as a temporary or regular employee within the previous twenty-four (24) months, shall be honored. The request, which may be faxed, emailed, or submitted in person, shall specify the qualifications required. The District may concurrently solicit applicants from other sources.
- b. Selection of applicants for referral to jobs shall be on a non-discriminatory basis and shall not be based on, or in any way affected by, Union membership, bylaws, rules, regulations, constitutional provisions, or any other aspects or obligation of Union membership, policies, or requirements.
- c. The District retains the right to reject any job applicant referred by the Union. The Union agrees that it will not discriminate against non-Union workers in referring workers to the District, and the District agrees that it will not discriminate on the basis of a worker's status as Union or non-Union members.
- d. The Union and the Employer agree to post in places where notices to employees and applicants for employment are customarily posted, all provisions relating to the functioning of these hiring arrangements.

- e. Prior to utilization of temporary employees in Warehouse operations, employees in layoff status will be called back first.

ARTICLE 8 EMPLOYEE APPOINTMENTS

8.01 Regular Employees. A regular employee is a person assigned to a regular full-time position and shall be eligible for all benefits provided for in this Agreement, subject to the provisions under "Probationary Employees." Regular employees shall be assigned to workweeks of forty (40) hour duration, twelve (12) months per year, except that it is understood that employees assigned to the Student Nutrition Center may be subject to layoff during summer months. Such employees shall have the opportunity before May 1 of each year to indicate interest in summer warehouse work which may be available. Should no interest in summer work be declared by May 1, employees shall have waived all rights to recall or preferential consideration for the period of their seasonal layoff.

8.02 Probationary Employees. New employees shall serve a probation period for the first six-hundred (600) work hours of employment. The probationary period may be extended by mutual agreement between the District and the Union. This period is considered to be the final step in the hiring process leading to regular employee status and shall be utilized for observing closely the employee's work, for securing the most effective adjustment of the new employee to their position, and for dismissing such an employee for any reason which the District, in its sole discretion, deems adequate. Probationary employees may be rotated in shifts so that leads and supervisors may observe and train probationary employees in all facets of the position. Shift change assignments shall be made no later than the fifth (5th) working day of the workweek. Probationary employees shall receive no less than sixteen (16) hours' rest prior to starting a new shift assignment without loss of pay.

8.03 Temporary Employees. If the temporary employee becomes a regular employee, bargaining unit seniority shall be counted from the most recent date of hire without a break in service. A break in service is defined as an absence of four (4) or more consecutive workdays for the purpose of determining seniority dates.

a. Temporary employees may be employed under the following conditions:

i. **Substitutes**

- o to substitute, if needed, for a regular employee on approved vacations, unauthorized absences, Workers' Compensation, or illness.
- o to substitute if needed to fill open/vacant positions.
The District will post and attempt to fill vacant positions in an expedient manner and will not use substitutes to avoid filling a regular position.
- o Substitutes may be filled from a pool of qualified applicants without the need of an advertised PVA each time a substitute is needed.

OR

ii. **Extra Help**

- o to provide extra help with special projects or seasonal work. Special Projects / Seasonal work is defined as that work assigned in addition to the

normal, routine assignments including, but not limited to: move and set-up of relocatables, material transfer due to construction projects, rehabilitation due to fire damage, vandalism, water damage, roof damage, etc. The Union will be notified before special projects or seasonal work is undertaken, except under emergency circumstances.

1. Should the regular employee become unable to return to duty, the vacancy created will be posted and filled in the normal manner, unless the District elects to eliminate the position. A substitute pool may be utilized during staffing needs as referenced in a.i. above.
 2. Extra help employees are designated for a maximum of ninety (90) continuous working days of employment. The position the extra help employee holds on the ninety-first (91st) working day of continuous employment shall be considered a regular position. Two (2) full pay periods must pass before a released extra help employee may be rehired. No extra help employee may be in pay status under this Agreement for more than one hundred fifty (150) workdays of employment within a fiscal year. An extra help employee who has worked for one hundred fifty (150) workdays within a fiscal year shall become a regular employee, effective the one hundred fifty-first (151st) day of work.
 3. Substitute or extra help employees will not be used to avoid assignment to regular employees of overtime. However, the District may assign overtime to substitute or extra help employees, to complete assigned daily duties, when that overtime is contiguous with the regular shift and there is an insufficient number of regular employees at the work site to do the needed work. This practice shall be reasonable and is not to be viewed as an invitation to routinely assign twelve (12) hour days to substitute or extra help employees.
- b. Temporary employees are not entitled to annual leave, holiday pay, health benefits, or retirement benefits. Temporary employees shall not be considered members of the bargaining unit, and shall not have access to the grievance procedure.
 - c. Temporaries shall be paid at the regular wage rate, depending on grade of work assigned.
 - d. Regular employees in layoff status shall be assigned temporary work, preferentially, before any temporary employee is called.
 - e. The District may dismiss a substitute or temporary employee for any reason which the District, in its sole discretion, deems adequate.

8.04 Casual Laborers. Casual laborers are exempt from the rules governing Temporary employees and may be secured by the District at any time, for any purpose not in conflict with this Agreement. These are laborer positions requiring little technical skill. Casual employees shall not be covered by the terms and conditions of this Collective Bargaining Agreement, shall not be considered members of the bargaining unit, and shall not have access to the grievance procedure herein contained. The Casual employee will only perform repetitious, non-technical work, e.g., placing books in boxes, cutting grass with hand mowers, wrapping pallets, hand trucking, using non-motorized pallet jacks, etc. Use of

hand trucks and non-motorized pallet jacks will be limited to transporting materials within any facility other than the Warehouse. Casual employees shall be adequately supervised by appropriate District staff. Casual employees will not be used to circumvent payment of overtime to regular employees.

8.05 Regular Part-Time Employees. The District may, on a continuing basis, establish a reduced schedule of hours when an employee requests it and where it does not interfere with the operational schedule. An employee within this category will accrue, on a pro-rata basis, all benefits for which they are eligible. Regular part-time employees who have a minimum of 30 compensable hours a week may qualify for health insurance coverage, in accordance with Article 19.07.

ARTICLE 9 PROMOTIONS

9.01 Promotions to newly created or vacant jobs shall be based on qualifications determined by the District as posted in the Job Posting. The District may consider prior documented work performance in determining whether an applicant meets the qualifications. When the District determines that more than one (1) candidate meets the qualifications the applicant with the most seniority in the work unit will be selected. Eligibility for promotion shall first be by work unit. If the position is not filled within the work unit, it shall be filled in accordance with the procedures defined in Section 9.06 below.

9.02 Employee evaluations shall be completed annually, using standard District forms provided by the Human Resources Department, beginning in July of each year. Evaluations shall be used as a constructive tool to inform the employee of strong and/or weak areas. Supervisors may consider input from co-workers, District personnel and community members. The supervisor will indicate on the completed annual evaluation whether or not an employee is recommended for promotion. Non-recommendation for promotion will be justified and coordinated with the next senior supervisor and a written explanation will be provided to the employee upon request. Performance evaluations are not subject to the grievance procedure.

9.03 If the District should reclassify or promote an employee covered by this Agreement to a managerial position, and the employee returns to the former status within twelve (12) months, there shall be no loss of accrued seniority established at the time of promotion.

9.04 The District reserves the right to select, within a given work unit, one of three Range 9 employees, or M-6 – M-8 employees when there are not three voluntary M-9 employees in the work unit, with the greatest seniority to fill an M-10 job opening. However, the District reserves the right to assign the selected employee to the zone where the position is needed.

9.05 The filling of temporary M-10 jobs in a work zone shall be rotated among the three senior M-9s, or M-8s, M-7s and M-6s when there are not three M-9 employees in the work unit. Employees shall indicate their interest in temporary M-10 positions by signing a list.

Selections shall be made from the list on a rotating basis from the three senior M-9s on the list and available on that shift. An employee's name may be added or deleted from the list at any time by that employee in writing no more than a total of three (3) times per fiscal year. The District shall designate a single point of contact in each department for adding or deleting employees from the list. An employee who is available and refuses to accept the temporary M-10 job three (3) or more consecutive times shall be removed from the list for ninety (90) calendar days at which time the employee may request their name be added to the list again.

9.06 Employees seeking promotion to M-10 positions or to promotions outside their assigned work units must submit applications in accordance with the established district procedures. Incomplete applications will be rejected. Only those employees applying and who meet the minimum qualifications as listed in the Job Posting and have not been marked as not recommended for promotion on the current evaluation shall be considered for interview. The District shall notify employees who are interviewed whether they are selected prior to advertising outside the bargaining group. Employees who are interviewed and not selected will, upon written request, be notified in writing of the reason(s).

9.07 All individual position openings will be posted for five (5) working days in the District prior to posting outside of the District.

9.08 An employee granted a promotion; i.e., upgrade in job classification and salary, and who is unable to satisfactorily perform the job assignment at the end or during the first six-hundred (600) work hours of the assignment, will be reassigned to the employee's former range and step.

9.09 All employees shall be encouraged to participate in training programs. The intent of these programs is to provide training in different duties for the purpose of becoming qualified for promotional or change of unit opportunities. Those employees interested in these programs shall so indicate on a posting as training becomes available and be selected by seniority. Training shall be at District expense. Training shall be offered first to the senior employee within the work unit determined by the District to receive the training. The District may deny training to an employee who has successfully completed the training on a prior occasion provided an employee does not require the training for continuing employment. Employees electing to receive training, except continuing education training, shall agree to remain employed by the District for a minimum of one (1) year from completion of the training. An employee who voluntarily terminates employment prior to one (1) year will pay the cost of the training on a pro-rated basis. Completion of the necessary training may be a prerequisite for a recommendation for promotion.

ARTICLE 10 DISCIPLINE AND DISCHARGE

10.01

*Teamsters Local 959 Covering Warehouse and Maintenance Employees
2024-2026 ASD Negotiated Agreement*

- a. The District retains the right to discipline and/or discharge an employee for just cause. The District may discharge an employee for reasons that include, but are not limited to, drunkenness, theft, dishonesty, gross disobedience, abandonment of duties, or unexcused absences of three (3) consecutive workdays or more. The District will take into consideration, prior to taking disciplinary action and/or discharge, unsatisfactory performance of duties in written documentation maintained by the District. A copy of all written documentation shall be given to the employee at the time of entry into the employee's file. Employees may be represented by a Union representative in any discipline conference.
- b. If the District determines to discharge an employee, the employee shall be given the reason(s), in writing, for such action. Any employee who is discharged shall have the right to grieve under the grievance procedure at Level III.
- c. The District and the Union jointly agree that a termination of employment is the most severe disciplinary action that the District can take. In order to offer the employee fair treatment, the following will be taken into consideration prior to an employee's discharge:
 - 1. The District will, before finalizing the disciplinary action, make reasonable effort to discover whether or not the employee did in fact violate or disobey a rule and/or order of management.
 - 2. The District agrees to administer disciplinary action and discharge equitably without discrimination against any one particular employee.
 - 3. The District agrees to explore various alternatives available for disciplinary action prior to discharging any employee.
- d. The District agrees to the concept of progressive discipline and will use it where applicable.
- e. The District shall investigate and administer discipline to employees within twenty (20) work days of the date and the District knew or should have known of a violation of any rule and/or order of management. The District may request additional time if the investigation is ongoing.

10.02 Each regular employee shall give the District two (2) weeks' notice before leaving its employment, unless mutually agreed beforehand between the District and the Union. Except for just cause termination, the employee shall be given two (2) weeks' notice or two (2) weeks' pay prior to involuntary discharge.

ARTICLE 11 GRIEVANCE PROCEDURE

Any grievance, complaint, or dispute arising from the interpretation or application of the terms of this agreement may be handled in the following manner:

11.01 Level I: If the parties are unable to informally resolve the grievance, the Union shall submit the grievance in writing to the department head within twenty (20) working days of the event giving rise to the grievance or within twenty (20) working days of the time the

grievant or the Union knew or had reason to know of the existence of the grievance. Such written grievance shall set forth the circumstances from which the grievance arose as well as any Sections of the Collective Bargaining Agreement which the Union deems to have been violated, and remedy requested.

11.02 Level II: If the department head and the Union representative are unable to resolve the grievance within ten (10) working days, the Union may appeal the grievance to Level II and request that an administrative review be conducted by the District's Contract Administration Department. That review shall include a meeting with the grievant(s) and the Union representative upon request by either party. A written response to the grievance shall be prepared by the Contract Administration Department within ten (10) workdays of such meeting, or within twenty (20) workdays of the filing of the Level II grievance if no meeting is required.

11.03 Level III: If the response of the Contract Administration Department fails to resolve the grievance or if no response is received within ten (10) working days of the meeting called to discuss the grievance, the Union may appeal the grievance to arbitration and request that a hearing officer be appointed to hear the grievance. If no appeal/request is received within ten (10) workdays of the Level II decision or within twenty (20) workdays of the Level II hearing if no Level II decision is rendered, the Union waives its right to arbitration. The selection of the arbitrator shall be mutually agreeable to the Union and the District. If no agreement is possible, the arbitrator shall be selected from a list of arbitrators provided by the American Arbitration Association or developed between the parties. The list shall include an odd number of candidates; each side shall select one name to strike, in alternating turns, until only one name remains. The order of striking shall be determined by a coin toss. The selection of an arbitrator shall occur within ten (10) workdays of the request, provided a standard list is used. More time may be needed if a fresh list is requested from the American Arbitration Association. The District and Union may agree to adopt an acceptable list of arbitrators.

The arbitrator shall not be an employee of the District or a member of the union. All expenses for the arbitrator shall be borne by the losing party. The arbitrator shall hold a hearing as soon as it can be scheduled by the person selected. The arbitrator shall notify all parties as to the time, date, and place of the hearing. The arbitrator shall rule on all

matters of substance and procedure, including timeliness, as well as the admissibility of evidence. Each party shall be given an opportunity to appear in person and/or by attorney, to produce witnesses and cross-examine. The arbitrator shall issue and serve upon the parties a written determination of the grievance within twenty (20) working days of the close of the hearing, or as soon thereafter as is possible. The arbitrator's decision shall be final and binding.

11.04 The parties may extend the time limits set forth in this Article by mutual agreement.

ARTICLE 12 EXAMINATION OF RECORDS

12.01 Material which reflects on the performance of an employee may be placed by an authorized supervisor into the Human Resources file at any time. However, employees shall be given copies of all such material at time of placement and shall be given opportunity to respond or rebut in writing within seven (7) workdays any and all entries into their personnel files.

12.02 The Union representative shall have the right to examine employee records pertaining to wages, hours, and conditions covered by this Agreement. The District shall make available original or copies of the original records for examination by the Union representative, upon forty-eight (48) hours' notice from the Union or employee to the office where the record is available. Employees shall have the right to examine their own employee records under the same terms and conditions herein.

12.03 The employee may request removal of written records of disciplinary action after twelve (12) months from the date of the incident and any records of disciplinary actions which have been removed from an employee's record shall not be the basis for a more severe disciplinary sanction during any future disciplinary proceeding.

ARTICLE 13 EMPLOYEE CLASSIFICATION

13.01 The District agrees that unless otherwise specified, the Employer will be governed by the following schedule of hourly rates and working conditions in dealing with its employees who come under the provisions of this Agreement. Where new types of licenses resulting in additional work duties, or equipment and/or operations for which rates of pay are not established by this Agreement are put into use after the effective date of this Agreement, rates governing such operations shall be subject to negotiation by the parties. Rates agreed upon or awarded shall be effective as of the date the equipment is put into use.

13.02 Defined job descriptions shall be submitted to the Union on request once annually. Employees shall only be required to perform their specialty duties or defined general maintenance duties, as qualified, equivalent to their wage, except in cases of emergency (i.e. plowing snow after a snowfall). Employees temporarily assigned to duties of a higher classification shall receive the higher rate of pay for actual hours worked. When an employee is requested to work in a lower-rated classification, they shall receive their regular rate of pay for all such lower-rated work performed.

13.03 The Union will be notified of changes to PVAs when posted.

- a. The ASD and Local 959 agree to the following procedures to ensure operational efficiency and maintenance of seniority rights in shift assignment, by work section:
 1. Shifts/location assignments in all work sections shall be bid in July every year. 26.01 Layoffs shall be made in the reverse order of bargaining unit seniority, provided the remaining employees are qualified to perform the work. The least senior employee(s) in a work unit that is losing positions has the right to transfer into a vacancy created by the actual layoff. For example, if the least senior member of the bargaining unit is in the Electrical Unit but the position loss which necessitated the layoff is in the Warehouse Unit, the least senior employee in the Warehouse Unit if qualified to perform the work assigned to the position in the Electrical Unit shall be transferred and shall be paid the wage rate appropriate to the new position. If the employee elects not to accept the transfer the employee will be subject to layoff.

26.02 The District shall confer with the Union prior to issuance of any notices of layoff to employees covered by this Agreement.

Access to the shortened work year shall be bid annually by seniority within the Student Nutrition Unit. If an insufficient number of employees bid for the shortened years, they shall be assigned in inverse order of seniority as follows:

 - b. Warehousemen/Drivers shall indicate the times they will be available for the above work by May 1 of each year by signing a list.
 - c. If an insufficient number of Student Nutrition Warehousemen/Drivers sign up for the needed Warehouse work, the District may fill the voids with temporary employees.
 - d. Student Nutrition Warehousemen/Drivers who sign up to work at the Warehouse will be required to show up during the periods they have signed up for, except in cases of illness or emergency, or by utilizing the leave approval process.
 - e. Any Warehousemen/Drivers from Student Nutrition who do not sign up will forfeit the opportunity to be considered for work during the shortened work year period. Positions will be filled from this list in seniority order and will be paid at the rate appropriate to their regular classification.
4. It is understood that this Agreement, with its stated intent to offer work to affected employees during shortened work year periods, is not designed (by its requirement to have affected employees express their intent to accept or not

accept work) or meant to limit or restrict any employees from returning to work once the scheduled shortened work year period has passed.

In order to fully utilize staff from both Warehouse Section work units, employees may perform the work of either unit. Overtime opportunities will be offered to Student Nutrition Warehouse work unit employees after warehouse work unit employees have been given an opportunity to work such overtime.

This action may result in a reduction of the work force, through layoff. If work is contracted out it shall be for at least a full fiscal year. The District agrees to meet and confer with the Union before a subcontract is entered into at which time, upon request of the Union, the District will provide relevant documentation, e.g. wages and overtime rates, number of employees, work to be assigned. The Union may provide to the District, any material it believes is relevant to cost calculations.

During the term of this negotiated agreement, the District and the Union may explore the concept of managed competition.

b. **Subcontracting for Other Reasons.** Subcontracting work currently assigned to members of the bargaining unit for reasons other than budgetary shortfalls may be undertaken for the following reasons, after meeting and conferring with the Union:

1. When there is additional work due to new construction, rehabilitation due to fire damage, vandalism, water damage, roof damage, etc.
2. When there is seasonal work that cannot be reasonably completed by regular employees, such as installation of relocatables, snow removal, ground maintenance, or other day-to-day operational requirements. The

District will not subcontract work for the sole purpose of avoiding payment of overtime to regular employees who are on site and directly available.

3. The District will not subcontract work or adopt a volunteer program under this section for the purpose of reducing the number of positions in this bargaining unit.
4. Should the District determine to not fill a vacant position that work will not be accomplished by subcontracting or by any entity other than this bargaining unit.

c. **Volunteers.** The District may use volunteers in projects that may fall within work areas currently assigned to employees in this bargaining unit—consistent with b.3 above. The District assumes no responsibility for restricting volunteers consistent with other Sections of this Agreement.

ARTICLE 29 OVERLOADS

29.01 In the event employees, in the scope of their employment, are arrested or ticketed with an overload, defective equipment, permit loads, or any other infraction of the law which was caused by the District, the District shall pay all fines and actual cost incurred, providing the employees have not loaded their cargo contrary to the instructions of the supervisor.

29.02 The employee shall not suffer a loss in pay for any infraction of the law caused by the District.

29.03 Employees shall be required to report, in writing, faulty equipment conditions.

ARTICLE 30 REVOCATION OF DRIVERS' LICENSES

30.01 All employees must possess a current state of Alaska driver's license and carry it with them at all times while driving District vehicles.

30.02 In the event an employee's driver's license is revoked or suspended because of violations of any federal, state, or municipal law by the District, the District shall provide continual employment for such employee, at not less than the employee's hourly rate of pay at the time of revocation or suspension of the license, for the entire period of revocation or suspension of the license, and the employee shall be reinstated to the seniority held prior to revocation or suspension of the driver's license, after the license is restored.

These provisions do not apply in cases where the license revocation was the responsibility of the employee and not the District. Failure to notify the Department Director of any driver's

license revocation or suspension prior to the next employee workday is grounds for dismissal.

30.03 This provision does not waive the drivers' responsibility to report, in writing, any defective equipment or known violations of existing regulations.

ARTICLE 31 SEPARABILITY AND SAVINGS CLAUSE

31.01 Should it be determined that any Article of this Agreement is not in conformity to any portion of federal, state or municipal laws, then such Article shall be suspended and amended to conform. The parties hereto agree that they will commence negotiations for changes in the Agreement to conform to federal or state laws within thirty (30) calendar days of the date of said change.

ARTICLE 32 HEIRS AND ASSIGNS

32.01 In the event any portion of the maintenance of School District properties is assumed by the State Department of Education or the Municipality of Anchorage, this agreement will not apply to that portion of maintenance or the employees working for those entities.

ARTICLE 33 NEGOTIATIONS

33.01 Either party shall give sixty (60) calendar days' written notice to the other by January 1, of the final year of the Negotiated Agreement of its desire that the Agreement be renegotiated, and negotiations must commence in good faith no later than March 1 of that year.

33.02 The Union in contract negotiations will be represented by the employees in the bargaining unit, not to exceed six (6). Such representatives shall be selected in any manner the Union desires.

ARTICLE 34 TERM OF AGREEMENT

This Agreement shall become effective upon ratification and shall remain in effect through June 30, 2026.

This Agreement is executed this ____ day of _____, 2024, by the duly authorized agents and representatives of the parties hereto. No previous written or oral agreements shall apply after the signing of this Agreement unless by mutual agreement of the Union and the District.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year herein above first written.

APPENDIX I MINOR MAINTENANCE DUTIES FOR BUILDING PLANT OPERATORS

The District and Union are committed to providing sufficient operational flexibility as will enable the most productive and efficient utilization of public resources in meeting District responsibilities to protect and maintain its physical plant. In pursuit of that commitment, it is important that a clear understanding of how duties are to be assigned across bargaining units is needed. Building Plant Operators (represented by Public Employees Local 71) may be assigned minor maintenance duties, which are defined as those which require only a level of skill possessed by lay people who have not received specialized craft training i.e. light bulb replacement, weeding and hand mowers within 50 feet of the main school or department building. If the number of positions in the facilities maintenance or equipment operator work unit is reduced below the level in place on July 1, 2017, hand mowing shall be removed from this list and that work will only be accomplished by this bargaining unit. To help promote an understanding among school principals about how much minor maintenance may be appropriately assigned to the Building Plant Operator, the following is provided:

1. The Maintenance Department can supply ceiling tile for limited ceiling tile replacement; cove base for limited replacement; touch-up paint, light diffuser covers; and sheet rock expansion anchors for picture hanging, air filters.

Light bulbs, electrical outlet cover plates, ice melt, plumber's plungers, small 6 ft. plumber's augers, routed laminate signs for names, room numbers, and battery operated clocks.

These materials are available for use by the BPO's in completing minor maintenance tasks. Their ready availability should help improve service and avoid delays that would otherwise occur.

APPENDIX II TARDINESS POLICY

- A. **TARDINESS:** (Arrival at the assigned work area any time after scheduled start time.)
1. The first three (3) incidents of tardiness, during any 12-month period, will be free of formal disciplinary action. Employee counseling may occur.
 2. The fourth (4th) incident in 12 months will result in an oral reprimand.
 3. The fifth (5th) in 12 months will result in a written reprimand.
 4. The sixth (6th) in 12 months will result in a recommendation of suspension.
 5. The next and last in 12 months may result in termination.

Any tardiness that is proven to be due to circumstance(s) beyond the employee's control will not count as grounds for disciplinary action.

For pay purposes, time will be paid according to current District practice and in compliance with Department of Labor wage and hour laws.

APPENDIX III RECLASSIFICATION

The parties agree to the following terms regarding the reclassification of those employees routinely performing duties of a higher classification.

An employee may apply at their discretion for an upgrade to a higher classification to the appropriate Director of the work unit when:

- a. the employee is routinely performing the full duties of the higher level classification and;
- b. the employee has been in the position within the work unit for not less than five (5) years and;
- c. the employee possesses all the necessary licenses, certification and qualifications for the higher level position.

APPENDIX IV SUBSTANCE ABUSE POLICY

The Anchorage School District, ("District") seeks to minimize safety related on-the-job accidents by employees and visitors through a District-wide substance abuse policy. This means that anyone on the premises of any District facility or operating equipment owned or leased by the District regardless of location is expected to be free of any mood-altering substance, whether legal or illegal, that can negatively affect job performance or risk the health and safety of employee or the general community.

It is the firm position of the District that alcoholic beverages or drugs are not to be brought on the District property nor consumed there at any time, except as prescribed in writing by a licensed physician. The sale, purchase, transfer, use or possession of alcoholic beverages or non-prescription drugs on District property is illegal. Violators are subject to disciplinary action to include summary discharge and appropriate law enforcement officials will be notified when deemed appropriate by local management.

The District voluntarily supports getting help for individuals with substance abuse problems and has made available an Employee Assistance Program ("EAP") to help do so. However, employees impaired at work risk termination. It is the intent of this policy to encourage and support employee recovery from substance abuse through the Employee Assistance Program, and the District will vigorously pursue the purpose of this policy.

ARTICLE I TESTING OBJECTIVES

Section 1 A drug is defined as any substance which may impair mental or motor function, including, but not limited to, illegal drugs, controlled substances, designer drugs, synthetic drugs and look-alike drugs.

Section 2 The use of drugs which are lawfully obtained and properly used shall be permitted provided their use does not interfere with the individual's proper and safe work performance.

Section 3 The District will be responsible for all costs incurred for testing and evaluation required by this Policy.

Section 4 The District will provide training of no less than one (1) hour duration by an entity agreed to by the Union of its supervisors in recognizing the signs and symptoms of drug abuse, and an additional one (1) hour of training in recognizing the signs and symptoms of alcohol abuse.

ARTICLE II PROBABLE SUSPICION, POST-ACCIDENT, AND RANDOM TESTING

Section 1 Probable suspicion means suspicion based on specific personal observations that a District representative can describe concerning the appearance, behavior, speech, or breath odor of the employee. Probable suspicion must be documented at or near the time of observation on the Impaired Behavior Report Form that is attached to this Policy. Observation shall be by two (2) supervisors trained in the detection of probable drug use and alcohol misuse by observing behavior. If observation by two (2) supervisors is unfeasible, observation shall be by two (2) individuals if possible, one of whom must be a supervisor trained in the detection of probable drug use and alcohol misuse by observing behavior. Being in an accident does not, in and of itself, constitute cause for testing. Being in an accident may be considered, along with the circumstances of the accident and the supervisor's personal observations of the employee's appearance, behavior, speech, or breath odor, to establish probable suspicion. Probable suspicion will subject the affected employee to testing as outlined in this policy.

Section 2 Employees will be subject to post-accident testing without a finding of probable suspicion only if the employee is involved in an "accident" as defined in Section 390.5 of the Federal Motor Carrier Safety Regulations and has received a citation for a moving traffic violation in connection with the reportable accident. Urine samples for post-accident drug testing must be obtained within thirty-two (32) hours of the accident. Breath samples must be obtained within eight (8) hours of the accident. An employee who is directed to undergo a post-accident test for drugs and/or alcohol must report for testing as soon as possible after the accident. NOTE: Employees are forbidden to drink alcohol within eight (8) hours after

an accident unless they have already submitted to post-accident testing for the accident, or the Employer has determined they were not at fault.

Section 3 Employees will be subject to random drug and alcohol testing only to the extent required by applicable federal regulations. Pursuant to current regulations the Employer will randomly drug test its employees who are performing functions for which a Commercial Driver's license ("CDL drivers) is required at an annual rate sufficient to equal 50% of its total number of CDL drivers. The Employer may choose any reasonable method of randomly selecting employees to be tested, but must retain records regarding the method used and employees selected and must provide that information to the Union upon request. Pursuant to current regulations, the Employer will conduct random alcohol testing at any annual rate sufficient to equal 25% of its total number of CDL drivers.

Section 4 An employee consenting to drug testing will be transported to the hospital or laboratory by the District, or at District expense. If alcohol testing on other than a random basis is conducted away from the employee's work site, the employee consenting to alcohol testing will be transported by the District, or at District expense, to the location of such testing. After a non-random test is completed, the employee will be transported by the District, or at District expense, to his/her residence, or, if appropriate, back to the workplace.

An employee subjected to random testing shall be paid for all time required for travel to and from testing, and for time at the testing location, regardless of the outcome of the test.

Section 5 If the test results are negative, the employee will immediately be reinstated in his/her previous position with full back pay for any time lost for transportation to testing, testing, and awaiting test results, based on the employee's regular work schedule, and no further action will be taken.

Section 6 Should the results be negative for drugs, but positive for alcohol at a level of at least .02, but less than .04, the employee shall be held out of driving for twenty-four (24) hours beginning from the time the test was requested, and shall be required to test at or below the .02 level before returning to duty. The employee shall be assigned to non-driving duties, if possible, during that twenty-four (24) hour period. An employee who has tested at or above the .02 level, but below the .04 level, and who tests at or above the .02 level in a second occasion, shall be subject to the same treatment as an employee testing at or above the .04 level.

Section 7 Should the test results be positive for drugs or positive for alcohol at or above the .04 level, the employee shall not be permitted to return to work until the employee has been evaluated by a Substance Abuse Professional ("SAP"), approved by the Union and the Employer. If the SAP recommends treatment that prevents the employee from working, or

requires that the employee be held out of service while the treatment is pursued, the employee will be placed on medical leave without pay, except sick leave, vacation, and disability, if available, until the SAP authorizes the employee's return to work. Subsequent reinstatement will be without loss of seniority. Any employee testing positive will be permitted to return to work only if the employee has signed the "Agreement for Continuation of Employment," a copy of which is attached to this policy.

The District shall be required to apply the rehabilitation provisions of this Agreement to an employee on only one occasion. Positive drug or alcohol tests thereafter may result in immediate termination.

Section 8 Under no circumstances will the District or the Union be informed beyond a negative or positive outcome of any drug or alcohol testing conducted, unless a grievance is filed. In which case, all relevant information regarding the test results, testing methods and chain of custody will be provided to both the Union and the District upon receipt of a release by the employee. If the employee requests the presence of a Union representative at the time of alcohol breath testing, the Union representative shall be entitled to observe the testing procedure and observe the result displayed on the breath testing device.

Section 9 Any employee with an alcohol and/or drug dependency problem who identifies themselves prior to a positive substance test, shall be permitted, and is encouraged, to take leave of absence for the purpose of undergoing an approved program for treatment of a dependency problem. The leave of absence must be requested in writing from the Director of Transportation, Director of Maintenance, or Warehouse Coordinator, as required. Leave of absence under this Section shall be granted on a one-time basis and shall be for a maximum of thirty (30) days, unless extended by mutual agreement of the District, the employee, and the Union. The District shall notify the applicable collective bargaining agent of any leaves of absence applied for under this provision.

ARTICLE III CONSENT PROCEDURES

Section 1 The District shall inform the employee that he/she is subject to testing and will state whether the testing is probable suspicion, post-accident, or random testing.

Section 2 If the testing is for probable suspicion, the District shall give the employee a copy of the Impaired Behavior Report prepared pursuant to Article II, Section 1. Both of the observing witnesses shall complete an Impaired Behavior Report form. The Union representative shall not be required to complete the form. In completing the Impaired Behavior Report form, the witnesses shall be as accurate and detailed as possible recording their observations of the employee's behavior which led to their decision to require a test. The District shall explain that because of the observation of the employee's behavior, it is necessary to verify the employee's physical capability at that point in time.

Section 3 In each and every case, the District shall read the applicable Drug Screen Consent form and/or Breath Alcohol Testing Consent form to the employee prior to obtaining the employee's signature authorizing the test and release of positive or negative test results. No changes are to be made on the Consent forms.

If the employee refuses promptly to take the test or sign the requested Consent form, the District shall:

1. Make it clear to the employee that the request to sign the form and to take the test is a direct order:
2. Ask the employee if he/she understands the order. If the employee responds that he/she does not understand the order, the supervisor shall explain the order again.
3. Explain to the employee that failure to comply with the order will result in the employee being treated as having tested positive for the substance or substances for which testing was requested, and will subject the employee to being taken out of service and subjected to employee evaluation pursuant to Article II, Section 7.

Section 4 The District shall use best efforts to immediately notify the Union if the employee requests the presence of a Union representative at the time of the urine collection or breath testing, or at the time of the request for testing. Urine collection and breath testing shall be delayed for no more than one (1) hour from the time of the first request in order to permit a Union representative to reach the location.

ARTICLE IV TESTING PROCEDURES

Section 1 Both drug and alcohol testing will be exclusively by the procedures provided in 49 CFR, Part 40.

Section 2 For drug testing, the specimen collection facility and testing laboratory shall follow the split sample procedure in 49 CFR, §40.25(f) (10) (ii).

Section 3 The District shall utilize a Medical Review Officer ("MRO") as required by the DOT procedures. The Employer shall, upon request, provide the Union with the identity of the MRO, and with evidence of the MRO's training in substance abuse diagnosis and treatment.

Section 4 In the event of a positive drug test result, the MRO shall notify the employee of the employee's right to have the MRO direct a retest of the split specimen at another DHHS certified laboratory. If such second test does not confirm the presence of the drug metabolites found in the primary specimen, the MRO shall cancel the test, as required by 49 CFR, § 40.33 (f).

Section 5 Testing not performed in compliance with this Policy and with applicable DOT/FHWA regulations shall not constitute a valid basis for discipline. An employee shall have the right to use the grievance/arbitration procedure to challenge any aspect of the testing procedures.

Section 6 Any employee who successfully challenges a positive result test shall be reimbursed for reasonable costs associated with challenging the test.

Section 7 The District reserves the right to require additional safeguards that serve the best interests of the employee or the Program, subject to the agreement of the Union.

ARTICLE V MANDATED FEDERAL REQUIREMENTS

The Employer shall conduct alcohol and drug testing only to the extent required by federal or state statutes, regulations or rules. Should the federal or state government require more extensive testing than is covered by the policy, the District will negotiate with the Union prior to the implementation of any such testing, and if such testing is implemented, shall apply the provisions of Article II, Sections 6 and 7.

AGREEMENT FOR CONTINUATION OF EMPLOYMENT

This Agreement is entered into by and between the Anchorage School District ("District"), Teamsters Local Union No. 959 ("Union"), and _____ ("Employee"). The District is committed to providing channels of assistance for employees seeking rehabilitation. However, the Employee seeking rehabilitation must be committed in his/her efforts to remain drug and/or alcohol free. Therefore, as part of the Employee's commitment to remain free of drug and/or alcohol use it is understood that the Employee's continuation of employment by the District is based upon and constrained by the following terms:

1. The Employee must submit to evaluation of potential drug or alcohol problems by a recognized and certified Substance Abuse Professional ("SAP") selected from the attached list or agreed to by the Union and Employer. This evaluation should be completed within one week from the date of this document.
2. The Employee must agree to participate in all rehabilitation treatment recommended by the SAP.
3. The Employee must authorize the SAP to provide a copy of the SAP's recommendations to the District.
4. The Employee may return to driving duties only when the SAP concludes that the Employee is in compliance with the SAP's treatment recommendations, if any, and the Employee has tested negative for alcohol and/or drugs, as required by the SAP.
5. The SAP will closely monitor the Employee's compliance with the SAP's recommendations. Failure of the Employee to adhere to the program of treatment recommended by the SAP will subject the Employee to disciplinary action by the District, up to and including discharge.
6. The Employee, the District and the Union mutually agree that the Employee's continuation of employment for the next twelve (12) months or during the term of any recommended treatment, should it extend beyond twelve (12) months, is contingent upon the Employee's satisfactorily meeting all of the terms outlined in this Agreement, and that failure to do so may subject the Employee to immediate discipline up to and including discharge.
7. During the twelve (12) month period or such period of rehabilitation treatment as outlined by the SAP, should it be longer, the District may test the Employee for alcohol and/or drug use on an unannounced basis, not to exceed six (6) tests during the first

twelve (12) months of the rehabilitation period. However, such unannounced tests are in addition to any tests that may be necessitated on a reasonable suspicion or random basis as part of the District's Substance Abuse Program or any tests performed by the treatment center as part of its program to monitor compliance with its treatment program. The Employee will be subject to disciplinary action up to and including discharge if the Employee refuses to submit to testing or if the Employee tests positive for drugs or alcohol during this period.

8. If the Employee successfully completes treatment, and has no positive drug and/or alcohol tests within twelve (12) months, the initial positive test shall not be used in any future discipline or personnel action unless it relates to substance abuse.

At the District's discretion, the Employee understands that if the Employee does not meet the above terms of this Agreement, in lieu of discipline and/or termination, the District may require the Employee to submit to in-patient care for rehabilitation and to agree to a renewal of this Agreement for an additional twelve (12) month period thereafter.

This Agreement is voluntarily entered into by all parties in consideration for continuation of the Employee's employment.
