Digital Newsletter

The Week of April 6th

A Word from Mr. Woodward
woodward_chris@asdk12.org

Hello Everyone. I hope this latest edition of our newsletter finds all of our families safe, sound, healthy and happy! I hope that everyone found our first week of e-learning to be productive. I know that our teachers really loved seeing their students for the first time in a long time. I have visited a couple of virtual classrooms and have found them to be dynamic learning environments. I really appreciate all of the hard work that our teachers, parents, and students have done to get us to this point. I am very proud to be a member of such an awesome community of people! In this newsletter you will find a suggested daily/weekly schedule for students. Please remember that this is a suggestion and not a requirement. Have your kids participate to the best of their ability in the time that they have available and we will call that a success. Many thanks to all!

Wash your hands, physically stay at least 6 feet apart from any people not living in your household, eat healthy, drink lots of water and make sure you are getting enough sleep. Remember it is important to take care of your bodies and your minds during this time.

Hey everyone!!! I hope you enjoyed your first week of online lessons. I have been loving all the activities (assignments) that you all have been turning in on Seesaw. Keep up the great work!! You are setting yourself up to be successful and on track for first grade!! I see that many of you are also using Lexia and Epic! That is amazing!!! Don't forget the Khan Academy Kids app seems to be great too....and free. Parents, I get that you are busy too!! Do the best you can!! The lessons I'm sending home should only take 1-2 hours a day to complete. Don't forget to keep washing those hands and take care of yourself too!!!

A Word from Kindergarten - Mrs. Harlan & Ms. Jennifer

harlan_toni@asdk12.org

It was so exciting to see a few of the students in our classroom family this week. Some of you have been keeping yourselves busy with fun computer games, activities that you create, and assignments on Seesaw. Whatever you choose to do will likely keep you busy, engaged and help to maintain the skills we have learned this year. I look forward to seeing more of you on Zoom. Let's get together to visit and participate in fun activities. Keep working hard, stay at home, and keep those hands washed.

We did it! We made it through our first week of distance learning and already so many of you are getting into the swing of doing these activities. Each day there will be reading and math activities. Each week there will be some sort of science, social studies, SEL, and/or FUN activities. Please do them at your own pace as we are all learning how to work through this time. In addition to these activities please try to do 20 minutes each day of Lexia and Math Whizz, these can both be found at bit.ly/mvstudents if you need help with logins please contact me. Read a book to your family or a reading buddy. Lastly, if you have a notebook please take the time to journal each day. Don't forget that we have a class meeting on Zoom every Monday - Friday at 1:00 - 1:30p I look forward to seeing you in the virtual world! Have a GREAT week!

A Word from 1st Grade - Ms. Lamont

Hi everyone! It was so nice to see you at our Zoom meetings! Plan on doing math and reading activities daily. Remember about 15-20 minutes per subject. You will also see an S.E.L. and Social Studies activity assigned. Please make family read-aloud a part of your daily routine. This is reading to, with, or by your student. I have seen good reading support in your reading responses. Journaling everyday is also an important component to include. When you log into Clever you have many resources like Lexia, Go Math and Cengage Reach 4 Reading. Please use these resources towards your students' advantage. I have connected with each of you via email. I recommend you accept my Remind request. When you get my email please let me know you've received these important messages. Your response doesn't have to be lengthy. It can just be a thumbs up. Don't forget to link to the Library, Art, Music and Gym connections. You can locate them in this newsletter. Have a great week!

It was great seeing many of you at our first week of Zoom meetings! Hopefully you've all had a chance to work on some of the assignments on Canvas. Hi,
The best way the kids can log into the Zoom meetings is to log onto Clever, here's how to login with Clever:

1. Go to asdk12.org
2. Choose Students, a drop down menu will appear, choose Clever.
3. Students log into Clever using their lastname.firstname and password that they use when logging into googledocs.
4. This takes them to my Clever page called P. Mariscal's page.
5. Both Zoom meetings are categorized under Virtual Learning.
6. Click on the right day, Tuesday or Thursday.

Clever is also the place students should be logging into to access all of their assignments! Think of Clever as walking into my classroom at school. Once you are there, everything you need to access is there! Please check your emails regularly, as I plan to contact everyone through email.

Assignments:

Math-40-60 minutes per day of Math Whizz or Khan Academy.

Reading-20-30 minutes per day of reading, either a book of their own choosing or select a book from Sora or Epic.

Writing-15 minutes of daily journaling.

Science-Brainpop

Canvas: Canvas is a new place to check out class work. I will talk about Canvas at our next Zoom meeting! Class Zoom meetings are on Tues. and Thurs. @ 12:30. See you there!

Hello 5th graders! It was nice to see those that connected with me in the Zoom meetings. Please continue with your programs on Clever. But don't just be in front of computers all day. Read books, daily journal entries are encouraged, and visit the specialists too. If you see any of your classmates tell them about Clever...remember, physical distancing still required.

A Word from Ms. Ardis

mutini_ardis@asdk12.org

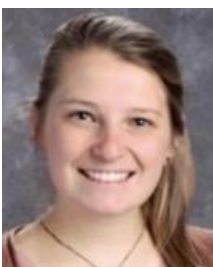

Hello Awesome Mustangs!

I appreciated the effort of you being able to communicate with your teachers through digital virtual devices via zoom meetings. The most important part of learning is getting connected with your teachers and have the desire to "Strive to Be" the Best student by staying on tasks. You will see the difference when you "DO Your Part" and follow the same CHAMPS expectations that you learned at school while doing Distance Learning. I miss you all so much and so as our 21st Century After School staff. Just a heads up, that we are planning to have a Summer School Program at our site. (Mountain View Elm.) I will keep you posted for more information in the future. Please feel free to reach out to me by email or program cell, 907-310-4503. Continue to stay healthy and practice social distancing.

Together, We Can Do This!

A Word from Speech/Language - Ms. Kassie

vanalst_kassie@asdk12.org

Hello everyone! I hope you are all staying safe and washing your hands. Speech/Language resources are coming out this week via my Speech/Language Padlet: https://padlet.com/vanalst_kassie/tm6718aplb63. This link will lead you to all my articulation (speech) resources and all my language resources. I will email all speech/language families with a weekly check-in, this link and a brief description of your child's speech/language goals so you will know what activities to do. I know everyone is very busy during this time so please don't feel like you need to do every single activity, just do the best you can!

If you have any questions or concerns, please feel free to email me or attend my office hours: Tuesday 11:30-12:30, 3:00-4:00 and Thursday 10:30-11:30.
