

## New Traffic Pattern for Student Pick Up

- **Safety First!**
- **Preferred entrance** to the ANCCS parking lot is from the Glen Highway.
- **Parking** allowed **only in the center section** of the parking lot

### Option 1: Drive by Pick up

- **Traffic flows** from the back of the lot nearest Bragaw, **past** the center parking section, **to the front** of the school along the sidewalk/Loading Zone.
- **Form one lane** in front of the sidewalk/Loading Zone **for drive by pick up only**.
- Students will be in class lines **by the sheds** at the south end of the parking lot.
- Parents will **stay in the cars** and students will be delivered to the cars.
- **Individuals who are not on the student's pick up list** will need to park and come into the office with proper ID for clearance to pick up a student.

### Option 2: Parking

- **Parking only in the center section** of the parking lot.
- **Walk to your teacher**, pick up your kiddos and exit the middle section of the lot.
- **Merge** with exiting traffic.

### Kindergarten Parents:

- **Kindergarten students with no siblings** at ANCCS may be **picked up at 3:20**.
- Those **Kindergarten students who have siblings** should be **picked up at 3:30** in order to expedite the flow of traffic (and we don't want to waste your precious time).

### Help us help you:

- **Turn right only** into the closest right lane when exiting the parking lot. **IT's the LAW!**
- **Remember others are behind you who are also waiting to exit.**
- **Please merge respectfully and safely!**
- Make sure whoever is coming to pick up your kiddos is on the **student release form**. If not, **call the front office in advance** and make arrangements **prior to student pick up**. Quyana
